# LEAGUE BOWLING...

## It's hit! It's hot!

### It's thrilling action!

BOWLING IS CATCHING ON

The lanes are crowded every night at SNK Lanes! Enjoy the graphics of 3-D lanes and the deafening stereo sound of pins slamming! Three game modes are available for varied game play, but be prepared as the competition is fierce!

#### You call the shot!

You select a right-handed or left-handed bowler and determine the ball's weight.

#### Get ready for tough competition.

Adjust the ball's direction and power. Enjoy a fast and exciting game with realistic action.

#### Optional score 90 mode.

The "Score 90" mode grants you 90 points for a strike and 60 points for a spare. The points start adding up fast, so don't get behind!

#### Test your luck in the flash game mode.

In this mode the points flash across the lane as you throw the ball. If you have the skill to knock down the standing pins you receive the points selected the moment the ball hits the pins - 9000 LUCK!

#### The clock is ticking.

Timing is key as you are allowed only 30 seconds to make your shot. So don't be too quick, assess game manual pressure to your competitive.

#### Up to player simultaneous competition.

Bowling is a game for the whole family! More competition will result in more fun!
